

Bank Statement Extraction Report

Name: Pratik Sutar
Email: pratik@example.com

Methodology (brief)
1) Try structured table extraction using Camelot. 2) If that fails, fallback to text parsing using date regex and amount heuristics. 3) Standardize columns and run flagging rules.

Account Info

account_number	Balance
account_holder_name	MR.SUBRAT KUMAR DAS & JASASWINI DAS
account_type	Savings
ifsc	None
micr	None
bank_name	Page 1 of 2
address	None

Flags summary
